## ***"...wonderful, pleasant, polite..."***

*My husband and I were working with an agent that wouldn't get us the proper paperwork in time for houses we were interested in and we would lose out. Once we signed on with Rick Fuller Inc. and had Shelby as our Realtor® we were in great hands! No matter how many houses we put offers in for she would ALWAYS have paperwork ready for us to sign. When we started to get discouraged she kept our hopes up and sure enough we got accepted by 3 people at the same time! She is wonderful, patient, polite and such a pleasure to work with!*

## ***"...highly recommend her..."***

*The team at Rick Fuller is absolutely awesome! I worked with Shelby Seeley as my buyer's agent; she did a great job in finding the home that fit all the wants and needs of my family! Buying a home can be very stressful, but Shelby and her team made this such a pleasant experience. From our first meeting and throughout the entire process she was very accommodating to my needs. I highly recommend her to anyone.*

## ***"...a pleasure to work with..."***

*I worked with the buyer's agent Shelby in Rick's team. I looked at many properties and often needed her help to obtain house information before we decided to make offers. Shelby always provided the necessary information and services promptly. She never rushed me to make a decision and put my needs as the priority during my home search. When we finally got into contract, she followed up well through the escrow and kept in good contact with all parties involved. With her great help I was able to buy my house and close the escrow smoothly. It's a pleasure to work with Shelby.*
